

# Smart Track RCS170 – a reliable way to create outstanding lighting

## Smart Track

Designed for operation in conjunction with the Smart Spot projector range, Smart Track is a one-phase track with enhanced earthing to ensure safety. This reliable and flexible solution offers a choice of colors, lengths and different-shaped couplers in order to meet challenging applications.

### Benefits

- Extra safe: no worries about safety
- Durable: long life and high reliability
- Flexible: users can mix and match components as required

### Features

- Safety protection
- Lifetime and reliability rigorously tested
- Three colors, two lengths, three connecting couplers

### Application

- Shopping areas
- Art galleries

## Specifications

Type	RCS170
Circuit	Single circuit, 220–240 V
Length versions	1000 and 2000 mm long

Material	Aluminum
Color	White (WH), grey (GR) and black (BK)

# Smart Track

<b>Installation</b>	Screw mounting, directly onto surface
	Single circuit 220-240 V 16 A max installed power
<b>Accessories</b>	I-, L- and T shaped couplers

## Operating and electrical

<b>Circuit</b>	1-circuit track
