

DALI Square Track

RCS750 5C6 L1000 WH (XTSC6100-3)

3-circuit power track adapter with DALI pulse control GAC600

Designed for use with DALI projectors with a dedicated adaptor, the DALI Square Track is ideal for users who want lighting flexibility to create a specific ambience in their shop and to reduce energy consumption. The system is made up of a solid aluminum track, which is available in various lengths and with a choice of electrical conductors. Any given configuration can be easily created – horizontal or vertical, mounted on or in the ceiling, on the wall or on free-standing panels. The system can also be used as a floating structure. All luminaires have a separate power supply and can be switched selectively. They can easily be moved to alter the lighting and presentation. In this way, a multifunctional track system can be created for accent lighting as well as for suspending advertising and decorative material.

Product data

| General Information | |
|------------------------|---|
| Protection class IEC | Safety class I (I) |
| Glow-wire test | 850/5 [Temperature 850 °C, duration 5 s] |
| Suspension accessories | No [-] |
