

# DALI Square Track

## ZCS750 5C6 EPSL GR (XTSC612-1)

3-circuit power track adapter with DALI pulse control GAC600 - Right hand power supply

Designed for use with DALI projectors with a dedicated adaptor, the DALI Square Track is ideal for users who want lighting flexibility to create a specific ambience in their shop and to reduce energy consumption. The system is made up of a solid aluminum track, which is available in various lengths and with a choice of electrical conductors. Any given configuration can be easily created – horizontal or vertical, mounted on or in the ceiling, on the wall or on free-standing panels. The system can also be used as a floating structure. All luminaires have a separate power supply and can be switched selectively. They can easily be moved to alter the lighting and presentation. In this way, a multifunctional track system can be created for accent lighting as well as for suspending advertising and decorative material.

### Product data

| General Information                 |   |
|-------------------------------------|---|
| Suspension accessories              | No [ - ]  |
| Mechanical accessories              | No [ - ]  |
