

Dynalite Multipurpose Controllers

DGTM402 V2

Within any project, many different lighting load types may be required to achieve a desired result. Each of these load types may require a different style of control. The Philips Dynalite range of multipurpose controllers allows customization of output types via different output module units. When using DIN-rail multipurpose controllers, a specific type of control can be chosen for each circuit: relay, leading-edge dimmer, trailing-edge dimmer, ballast control, controller with out-of-the-box functionality, fan control, and blind/screen control. In any combination, multiple load types can be controlled from a single device. This simplifies installation and prevents wasted capacity of circuits that are not required.

Product data

General Information		Numerator - Quantity Per Pack 1	
Remarks	Please download the Lighting - Product Data Sheet for more information and ordering options	Numerator - Packs per outer box	1
Product Data		Material Nr. (12NC)	913703024309
Full product code	871869688853700	Full product name	DGTM402 V2
Order product name	DGTM402 V2	EAN/UPC - Case	8718696895535
Order code	88853700
